

COMPANY PROFILE

Premium Egyptian Agricultural Commodities for International Markets

Nasr City - Cairo | Beni Suef | Arab Republic of Egypt

Dear Purchasing Department,

Greetings,

We are pleased to introduce AlTaybat Export, an Egyptian company focused on supplying and exporting carefully selected agricultural commodities. Our core portfolio includes premium legumes and fresh fruits, prepared in cooperation with advanced sorting and packing stations in line with the quality specifications agreed for each destination market.

We aim to build long-term relationships with importers through credibility, on-time shipment commitments, logistics flexibility, and consistent attention to product quality from sourcing through export preparation.

PRODUCTS
Legumes & Fresh Fruits

Arab & European & Global

SHIPPING
FOB / CIF

Company Overview

Al Taybat Export is an Egyptian company engaged in the export of agricultural commodities, with a core focus on legumes and fresh fruits. We carefully source products and coordinate with sorting and packing stations to prepare shipments in line with the specifications agreed with importers and destination markets.

Vision

To become a first-choice and highly trusted supplier for customers in Arab and European markets by delivering Egyptian agricultural products that reflect high standards of purity, quality, and commitment.

Mission

To supply food manufacturers and international markets with carefully selected agricultural commodities through a coordinated supply chain, from field follow-up through sorting, packing, and export shipment preparation.

Our Business Values

- **Quality:** Careful product selection and preparation according to agreed specifications and destination-market requirements.
- **Credibility:** Clear communication, commercial offers, and shipment-related documentation.
- **Commitment:** Close follow-up of preparation and shipping schedules with a focus on meeting agreed timelines.
- **Flexibility:** Commercial and logistics solutions tailored to the product, destination, and customer requirements.

Target Markets

Arab & GCC Markets

We provide flexible and responsive supply solutions for importers across Arab and GCC markets, with attention to the grades, sizes, packaging, and specifications required for each destination.

European Markets

We work in line with the agreed quality, preparation, and documentation requirements for European destinations, with prior coordination on technical specifications and the import requirements applicable to each customer and market.

Core Product Portfolio

Legumes

- **White Beans:** Carefully selected beans with consistent size and appearance as far as practicable, prepared to suit storage and export requirements.
- **Chickpeas:** High-quality product with strong purity standards for food manufacturers, distributors, and retail markets.
- **Peas:** Carefully sorted and prepared in accordance with the agreed quality and packaging requirements.
- **Lentils:** Clean and carefully prepared product, with emphasis on minimizing foreign matter and meeting the agreed export specifications.

Fresh Fruits

We supply a range of high-quality fresh Egyptian fruits in line with their natural growing and harvest seasons. Varieties, quantities, grades, and packaging are agreed with each customer to support the delivery of products with suitable freshness and flavor.

Preparation to Customer Requirements

- Packing formats and unit weights can be agreed according to the product and destination market.
- Final specifications are confirmed before supply through the commercial offer or proforma invoice.
- Preparation and shipping schedules are coordinated according to product availability, seasonality, and the customer plan.

Quality & Agricultural Supervision

Professional Agricultural Supervision

A team of agricultural engineers follows key production and harvesting stages to support appropriate agricultural practices and the quality requirements agreed for the product.

Sorting & Packing Stations

We cooperate with advanced sorting and packing stations using automated and manual sorting methods according to the nature of the product, with a focus on removing defects and foreign matter and preparing shipments to the required specifications.

Logistics, Shipping & Payment Terms

International Shipping Terms (Incoterms)

- **FOB - Free On Board:** Goods are delivered on board the vessel at the agreed Egyptian port of shipment, in accordance with the contractual terms.
- **CIF - Cost, Insurance & Freight:** The agreed price includes the cost of goods, insurance, and freight to the named destination port, in accordance with the contractual terms.

Payment Options

- **T/T - Telegraphic Transfer:** Payment installments, percentages, and due dates are set out in the proforma invoice or contract.
- **L/C - Letter of Credit:** Confirmed and irrevocable letters of credit may be accepted when mutually agreed, supporting the rights of both parties.

Note: Final specifications, packing format, quantities, prices, documents, shipment schedules, and payment conditions are subject to written agreement in the commercial offer, proforma invoice, and/or contract.

We Would Be Pleased to Cooperate with You

We look forward to building a long-term business relationship based on trust, commitment, and quality.

With our best wishes for continued success.

Kind regards, **Mohamed Adly - Al Taybat Export**
